**Comfortable and Safe:** Built-in CCTV security systems, and backup generators, with a gym and spa available on the first floors.

### (1.7) Testimonials

Buyers 1: 'A true partner for future homeowners'

My family and I have always wished for a more secure and modern home close to where I work, so I don't have to waste much time on the road and can spend quality time with my family. The experience with Jenboro made the home-owning process much more affordable and enjoyable. From the respect they had for our choice to incorporating our personal touch and their punctuality, it was a truly phenomenal experience.

Buyer 2: 'Jenboro keeps a sharp focus on what the clients truly desire.'

Finding a place to call home in the city is a true hustle. Yet, finding a true partner like Jenboro that keeps their promise and delivers based on your interests was a true privilege to be a part of. I believe their professionalism and their expertise in the field put them at the top of the list for a place where you will find a functional and well-protected environment that you can truly call home.

Government Official: 'Jenboro has taken a big step towards solving the affordable city house crisis.'

One of the biggest issues is finding affordable houses in the city without having to pay a large sum of money. It is such a great honor to have an institution that listens to society and provides a solution to the problem that has been bothering society like a pebble in a shoe. The sophisticated designs and updated technology have become a feature that has brought a more modernized look to the city while keeping in mind the standards of urban design.

Contractor: 'The professionalism and up-to-date technology give us the opportunity to deliver modernized homes'

Working in an institution that truly values the interests of its customers has influenced me in a way to respect the time and interests of our clients. The technology that is incorporated into the buildings and also provided for the construction has helped us achieve the best result in a reasonable amount of time for a fair and affordable price with extraordinary quality.

## *[About Us] (Slider)*

### **About Us**

Home is a place where we feel secure and safe.

#### **Our Story**

Jenboro entered the market intending to bring a true solution to the housing problems of the city. By introducing apartments only 4 km away from the airport with fair and affordable pricing, we challenge the status quo that believes we need to sacrifice proximity for affordability. We take responsibility for addressing our clients' interests, safety, and comfort as our top priorities, basing our work on trust. We come forth with something tangible and not just empty promises, partnering with prospective homeowners after 70% of the construction is completed, collaborating with our future homeowners in building not just a house but a home with their identity engraved in it.

## *[Principles]*

#### **Vision**

Our vision is to address the city's housing problems and become the leading real estate agency by expanding its reach to other cities in the country and providing affordable and accessible residential areas for homeowners. We aim to create an ideal working environment where professionals can develop their skills and stay up to date with modern technology, making it possible to deliver the visions of customers efficiently. We base our process on trust and transparency, bringing homes that add value to the lives of our clients.

#### **Mission**

We're devoted to creating an easy and affordable way to have access to homes in key locations near the city. We introduce a modernized way of building functional and aesthetic apartments with over-the-top professionals assisted by the latest technology. We are dedicated to bringing an everlasting solution for future homeowners with timely deliveries and personal touch of their own, making it a place where they actually want to live in.

## Values

**Reliable:** Homes are more than just shelters; they're ultimately the answer to the question "what kind of life do you want?". We are committed to addressing the interests of our customers with well-founded and well-grounded mechanisms as the financial commitment to owning a home is a truly valuable investment.

**Comprehensive:** We believe in providing affordable and comfortable homes in key residential areas within the promised delivery time frame. It is a combination of all this, from the designs of our apartments to how we deliver them.

**Individualized:** After the basic structure of the building is completed, we partner with our clients for the finishing touches to create a customized and personified design to make their vision a reality.

**Loyalty:** As our clients put their investment and their trust in us, we are devoted to presenting a home incorporating all the promises and interests of our clients. This is why we start selling homes when they're 70 percent complete.

## Pillars

**Prime Location:** Proximal to the city's key spots as well as boasting great infrastructure and complementary business establishments.

**Timely Delivery:** Punctual and efficient with our operations, we deliver apartments on time and ready to be lived in.

**High Caliber:** With the best experts and technicians in the industry, our buildings boast the lengths they go to make prospective homeowners' dreams a reality.

**Unique Touch:** Partner with our future homeowners in the finishing touches of the homes to create something with a personal touch.
